THE RAW CAPSULE [BLACK / WHITE]

It's what's on the inside that counts. This season's capsule is a transparent and straightforward approach to our own products.

CLARITY_
LENS TECHNOLOGY

GOGGLES_
CLARITY
BY POC

POC Clarity assists the eye with color wavelength control and contrast amplification, delivering the correct intensity needed to support a specific activity or situation. Every tint, color combination and mirror is carefully developed and tested to offer the best assistance for the human eye.

CLARITY PHOTOCHROMIC

A photochromic lens is a lens that automatically darkens when exposed to sunlight. The molecules coated on the lens surface are activated by the sun's ultraviolet radiation, causing the lens to darken.

CLARITY POCITO

Adults sense snow environments usually offer a strong contrast. For kids, such tints are very stressful for the eyes. The POC Itinbfeer mix of comfort and visual clarity.

ADDITIONAL LENSES

A collection of five different colored and shaped sunglasses lenses arranged in a circular pattern on a white background. The lenses are: a large red lens on the left, a yellow lens at the top, a grey lens at the top right, a blue and pink lens on the right, and a purple and yellow lens at the bottom. Each lens is shown with its frame and casting a shadow.

LENS TINTS Our lens tints are carefully chosen to best manage specific light conditions. The lens guide demonstrates the best base lens colors and mirror coatings for different riding conditions.	CYLINDRICAL LENSES These lenses allow for a more low-profile goggle to be designed because it is only curved along the horizontal axis. They can provide a very wide field of view.	• Bigger lens surface supports improved peripheral vision in every direction. • The lens follows the shape of the eye, and is a uniform distance from the eye, which minimizes distortion. • Better glare defense. • Better antifog properties because there is more room between the lens and the eye.
TORIC/SPHERICAL LENSES These lenses offer a number of benefits to support visual comfort:
